MEETINGS AND RECEPTIONS

BUSINESS MEETINGS:

Many groups hold meetings and receptions at the APSA Annual Meeting, and most are open to all members. Business meetings are general member meetings that are open to all Association members unless the title clearly indicates that the meeting is for a specific group (e.g. editorial board).

APSA Organized Section: All attendees regardless of membership in a section are invited to attend section business meetings and to learn more about the work of sections.

Related Group: Independent professional groups with persistent organizational structure and minimum membership can organize a business meeting.

APSA Committee Meetings: Generally working meetings of committees are considered closed to attendees. Attendees should first consult with a committee chair about the possibility of attending.

RECEPTIONS:

All receptions are open to all APSA members unless the title clearly indicates otherwise (e.g. editorial board reception).
